1000 Series SMB

50 Ohm Cable and PCB Connectors

Bomar products, like the 1000 Series 50 0hm SMB Connectors, are now sold under the Win™ brand from Winchester Interconnect.

Product Description

Winchester Interconnect's 1000 Series 50 0hm SMB Connectors can be used in a wide range of applications including Test and Measurement, Mil-Aero, Satellite Communication, Wireless Communication, and Medical Equipment.

Our 1000 Series SMB Connectors are designed in accordance with MIL-STD 348 and feature a "Snap-On" interface designed for a frequency range of DC to 4 GHz.

Male cable plug connectors are available in straight and right-angle designs for popular flexible and semi-rigid cables.

Printed circuit board (PCB) connectors are available in straight and right-angle through-hole solder, and also in our unique E-Snap® Edge-Mount design.

 Quick connect disconnect snapon mating reduces installation time.

 Jack connectors have a male center contact.
 Plug connectors have a female center contact.

 SMB connectors are 30% smaller than SMA connectors.
