

In-Series RF Adapters

50 Ohm Type N, TNC, BNC, SMA

Bomar products, like the In-Series RF Adapters, are now sold under the Win™ brand from Winchester Interconnect™.

Product Description

Winchester's 50 Ohm In-Series RF Adapters are available in all popular RF Connector interfaces including Type N, TNC, BNC, and SMA.

In-Series RF Adapters can be used as "connector savers" to prevent wear-and-tear on equipment connectors, to join together two cable connectors of the same gender, or to be installed in break-out panels in a cabling installation.

In-Series Adapters are available in Inline, Bulkhead, Isolated Bulkhead, Right-Angle, and 3-port "T" configurations. In-Series Adapters are also available in 75 Ohm, and customer designs are available upon request.
