

# 2.4GHz Helical Antenna

## ANT-2HEL28

### Features

- Bandwidth 2400 - 2500MHz
- Gain: 1.5dBi
- Copper with Rugged ABS Finish.
- Vertical Polarisation
- VSWR < 1.7
- Omni-Directional Design
- 50ohm Impedance
- Operating Temp: -30 to +80°C
- Dimensions: 28 x 10mm
- Max Power: 50W

### Applications

- General Low Power Radio
- IOT /M2M Applications
- Telemetry

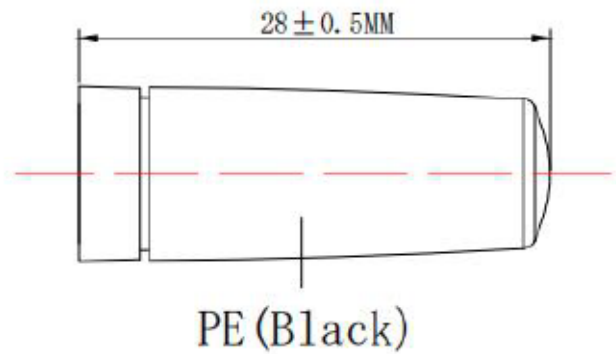

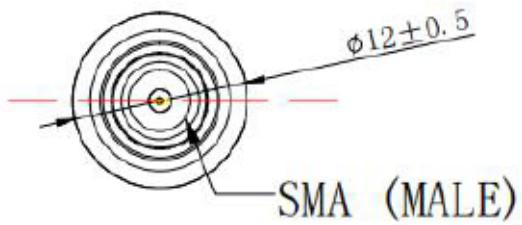

### Description

A compact Helical antenna with SMA male fixing. and rugged plastic finish. This ready to operate antenna requires no tuning and provides optimum range and reliability to your application.

### Ordering Information

Part No	Description
ANT-2HEL28-SMA	Helical 28 x10mm 2.4GHz SMA(M) +1.5dBi
