

## ANT-4HEL28

- Gain 1.5dBi
- Copper with Rugged ABS Finish.
- Vertical Polarisation
- VSWR < 1.7
- Omni-Directional Design
- 50ohm Impedance
- Operating Temp -30 to +80°C
- Dimensions 28 x 10mm
- Max Power 50W

### Applications

- General Low Power Radio
- IOT /M2M Applications
- Telemetry

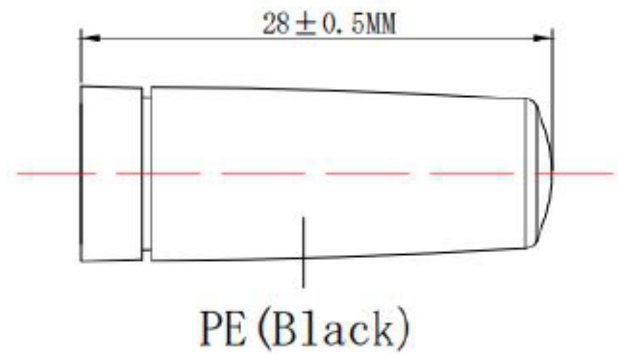

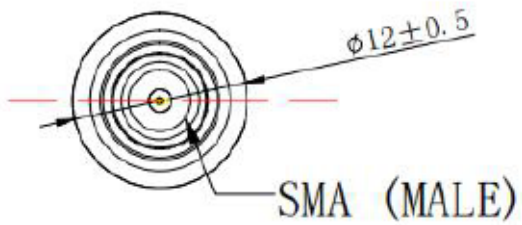

### Description

A compact Helical antenna with SMA male fixing. and rugged plastic finish. This ready to operate antenna requires no tuning and provides optimum range and reliability to your application.

### Ordering Information

Part No	Description
ANT-4HEL28-SMA	Helical 28 x10mm 433MHz SMA(M) + 1.5dBi

## Mechanical Dimensions
