

+8/10dBi Adhesive Flexible

Features

- Mini Self Adhesive Patch Antenna
- 700/960/1800/2700/3500/3800MHz
- Gain: +8/10dBi
- Omni Directional
- VSWR = <1.5
- 50ohm Impedance
- Max Power 1w
- 15cm 1.13 mini Coax to UFL
- Flexi PCB Thickness 0.1mm
- 3M adhesive sticker on Rear
- Operating temp -10 to +70°C

Applications

- Embedded GSM
- Space Saving Applications

Description

A compact PCB Antenna for GSM Cellular applications and GPS combined where high performance is required from a small size.

Part Number

Part Number	Description	Cable Length
ANT-5GFPCB6958-UFL	5G Flexi Adhesive PCB antenna 69x58mm +8/10dBi	15cm
