

VICTORIA

Ø300 mm 160 lens array for industrial lighting. Optimized for 2835 and compatible with up to 5630 size mid-power LED packages.

VICTORIA is a Ø300 mm 160 lens array for industrial scale lighting. The space in the middle is large enough to house smart light and other sensors, as well as a built-in-driver. Variant available with ingress protection. Optimized for 2835 and compatible with up to 5630 size mid-power LED packages.
