## Protective filter for clear voice recordings with CHERRY UM microphones

A pop filter is essential to reduce plosive sounds when pronouncing words with P, T, or K, for example. The CHERRY UM POP FILTER helps you to not only spend less time and effort in the post-production of audio recordings but also protects the capsule of the microphone from moisture caused by saliva, keeping it intact for longer.

The CHERRY UM POP FILTER was designed to meet the exact requirements of the CHERRY UM MIC SERIES (CHERRY UM 3.0, CHERRY UUM 6.0 ADVANCED, CHERRY UM 9.0 PRO RGB). It can therefore be attached without any problem to any of the three microphones: Simply attach it between the microphone and the stand and tighten with the help of a small knob – and you're ready to start recording. The sleek design does not detract from the elegant look of the microphone.

## The most important advantages

- Filters out plosive sounds that are noticeable as pops or hisses when pronouncing letters such as P, T, and K
- Less post-production of recordings required
- Perfect supplement to the USB microphones in the CHERRY UM MIC SERIES
- Assembly is child's play: Simply tighten using a small knob
- Protects the microphone capsule from moisture, thereby ensuring a longer service life

### Warranty:

We put a lot of dedication and hard work into the development of our products and we are proud of their quality. This is why, in addition to the statutory guarantee mentioned in the operating instructions, we are granting an expanded manufacturer's guarantee that is subject to the conditions stated below.

For the first two years after delivery, the statutory warranty applies. In the third year after delivery, CHERRY voluntarily grants an additional warranty according to the following conditions ("extended warranty"). In the event of a defect, please contact the seller of your CHERRY product. Do not carry out any repairs on your own and do not open the product. There is no warranty if unauthorized changes to the product cause a defect.

### Conditions for the extended warranty

In the case of a defect after the first 2 years after delivery of the CHERRY product, CHERRY grants its customers for the additional period of one year the right to assert claims for cure, i.e. demand that the defect is remedied or a thing free of defects is supplied. The extended warranty is to be asserted against the seller of the CHERRY product upon presentation of the original invoice, proof of purchase or a comparable proof of the time of purchase.

CHERRY, and the seller of the CHERRY product, where applicable, shall remedy the defect in the event the customer has justified claims for cure under the terms of the extended warranty.

Excluded from the extended warranty are damages caused by improper use, in particular by the effects of chemical substances, other damages caused by external influences, as well as normal wear and tear and optical changes, in particular discoloration or abrasion of shiny areas. Also excluded from the extended warranty are accessories and other parts which are not an integral part of the purchased item.

Errors, technical changes and delivery possibilities excepted. Technical information refers only to the specifications of the products. Features may differ from the information provided.

## Adjustable and universal microphone arm for more space to work

If you only intend to record a podcast or make a video call, it is usually sufficient to simply place the microphone on your desk. However, if you are dealing with situations where you need to use the keyboard and/or mouse at the same time as speaking, it is important to have enough space to move. In situations like these, the CHERRY MA 3.0 UNI microphone holder is a good choice.

Thanks to its sturdy aluminum swivel arm, the angle of the microphone arm can be freely adjusted, and the microphone can thus be optimally positioned. The classic black design of the arm and the high-quality workmanship complete the package.

The microphone arm is not called "UNI" for nothing – not only does it support the microphones of the CHERRY UM MICROPHONE SERIES, but also a variety of USB microphones and is therefore universally applicable. The CHERRY MA 3.0 UNI has a 3/8" threaded connector, and a 5/8" adapter is also included. With a net weight of 2.85 lbs, it is capable of carrying microphones weighing up to 3.31 lbs.

In addition, there is a practical cable slot in which both standard XLR and USB cables can be easily hidden. Simply attach to the desk using a clamp, the MA 3.0 UNI mic arm takes up very little space and ensures that the microphone remains stable and securely in place!

## The most important advantages

- Stable microphone arm made of aluminum in classic black with table clamp (up to 2.36 in)
- Swivel arm means the microphone can be positioned ideally at any angle
- Maximum load of up to 3.31 lbs
- 3/8" threaded connector with extra 3/8"-to-5/8" adapter included
- Suitable for universal use: Not only supports CHERRY UM MICROPHONE SERIES microphones, but also a wide range of USB microphones

Figure: CHERRY MA 6.0 UNI USB

Models may vary from the image shown

## Multifunctional and universal microphone arm with integrated USB hub

A microphone arm provides you with the space necessary to be able to speak into the microphone while actively using the mouse and/or keyboard. For this reason, the CHERRY MA 6.0 UNI USB is especially recommended for live streams, gaming videos or video conferences. It is made entirely of aluminum and can be conveniently attached via a table clamp. Thanks to its joints, the microphone holder can be easily adjusted, and the microphone optimally positioned.

The “UNI” addition speaks for itself and clarifies how universally the microphone arm can be used: A variety of USB microphones are compatible with the arm, not just microphones from the CHERRY UM MICROPHONE SERIES. The existing 3/8" threaded connection can be easily extended with the included 5/8" adapter. With a net weight of 2.24 lbs, the mic arm stably holds USB microphones of up to 1.76 lbs in position.

Furthermore, the arm has a built-in USB hub with two ports (5V/2A). This allows another device to also be connected in addition to the USB microphone. On top of that, a total of four connection cables are included with the CHERRY MIC ARM 6.0 UNI USB, which means you are well equipped for all eventualities: USB-A to USB-B, mini-USB, micro-USB and USB-C

With the CHERRY MA 6.0 UNI USB, tangled cables are a thing of the past. An 8.2 ft USB cable has been routed inside the arm, which means you can keep your workspace tidy at all times.

## The most important advantages

- Extremely stable microphone arm made of aluminum in classic black with table clamp (up to 2.36 in)
- Swivel arm allows set-up at any angle
- Built-in USB hub with two ports (5V/2A) provides connectivity for multiple USB devices
- 8.2 ft USB cable integrated
- 3/8" threaded connector with extra 3/8"-to-5/8" adapter included
- Maximum load of up to 1.76 lbs
- Four connection cables included: USB-A to USB-B, mini-USB, micro-USB and USB-C
