Specification Sheet

Part Number: LG-S5-3MM-14MM

Cable management solutions improve accessibility and organization of the S3 MDU enclosures.
Versatile cable securing and porting designs accommodate many deployment architectures.

Easy installation allows quick configuration for provisioning and reconfiguration when needed.

S5 Port Cover, Loop-Thru 3mm to 14mm Dia, 2-Port, Gray, 1/pkg

Article Number	857-50233
Type	LGS-S5-3MM-14MM
Color	Gray RAL 7035 (7035) Black (BK)
Quantity Per	bag
Product Description	The S3 MDU installation accessories help configure medium wall-mounted enclosures to meet specific deployment needs. Accommodating a number of cable sizes and quantities, parts are easy to install and help to better organize distribution or drop cable locations.
Short Description	S5 Port Cover, Loop-Thru 3mm to 14mm Dia, 2-Port, Gray, 1/pkg

Global Part Name	LGS-S5-3MM-14MM

Technical Description	The LG-S5-3MM-14MM is a mechanical seal manufactured from ABS and TPE. The seal covers a cable range of 3.0mm – 14.0mm and has a dual outlet for loop through applications. Each seal kit is supplied with the seal plates, TPE spacers and a cable anchor clamp.

Contents of pkg/kit	Loop Gland Seal Plates Cable Diameter Spacers Cable Anchor Clamp

Port Count	2

Variant	Indoor/Outdoor FTTx Enclosures

Package Quantity (Imperial)	1

Package Quantity (Metric)	1
