

## NC3FXX-WOB

3 pole female cable connector with Nickel housing and silver contacts, without boot. Boot must be ordered separatly.

The next generation of the worldwide accepted standard of XLR cable connectors. The successor of the X series offers several new features which make it more reliable, easier to assemble and improves contact integrity as well cable strain relief.

## **Features & Benefits**

Unique cage design of female contact for Female contact incorporates a solder • low contact resistance and high integrity barrier to prevent solder running into the contact mating area Female connector with improved solid Additional ground spring contacts for metal latch which is larger and easier to better shell ground continuity handle Improved chuck type strain relief provides Boot with polyurethane gland gives high . • higher pull-out force and makes assembly protection to cable bending stresses easier and faster Colored rings and boots available for Sleek and ergonomic design - valuable coding or identification and handy Rugged zinc diecast shell, longlasting and Internal thread on shell is well protected •

dependable

against any damage

## **Technical Information**

Product	
Title	NC3FXX-WOB
Connection Type	XLR
Gender	female

Electrical	
Capacitance between contacts	≤ 4 pF
Contact resistance	$\leq 3 \text{ m}\Omega$
Dielectric strength	1,5 kVdc
Insulation resistance	> 10 GΩ (initial)
Rated current per contact	16 A
Rated voltage	< 50 V
