

9 x 9 mm Piezo Buzzer

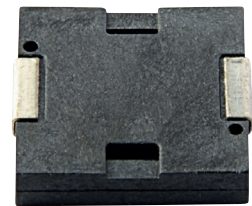

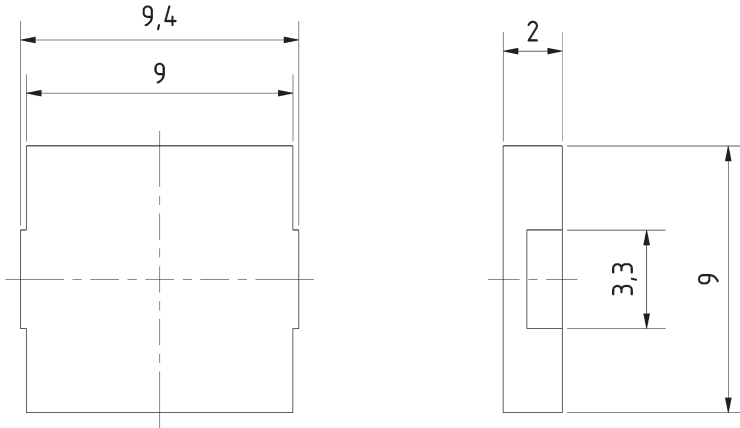

Piezoelektrischer Signalgeber für Geräte und Anwendungen, z.B. in den Bereichen Industrie- und Bürotechnik, Medizintechnik, Haushalts- und Automobilelektronik.

9 x 9 mm Piezo Buzzer

Piezo-electric signalling transmitter for devices and applications, e.g. for industrial and office technology, medical technology, home and automotive electronics.

PB 9.9

Art. No. 3580 – 3 V

Technische Daten / Technical Data

| | |
|------------------------------|-------------------------|
| Nennspannung | |
| <i>Rated Voltage</i> | 3 Vp-p (square wave) |
| Betriebsspannung | |
| <i>Operating Voltage</i> | 1-25 Vp-p (square wave) |
| Betriebsstrom | |
| <i>Rated current</i> | 1 mA (Max) |
| Schalldruckpegel | |
| <i>Sound pressure level</i> | 70 dB (0,1 m) |
| Resonanzfrequenz | |
| <i>Resonant frequency fs</i> | 4000 Hz |
| Anschluss | Lötstellen |
| <i>Terminal</i> | <i>Solder joints</i> |
| Gewicht netto | |
| <i>Net weight</i> | 0,2 g |
