

## **Specification Sheet**

Part Number: RNGPP1UHD-HHSS

Equivalent of 1U of fiber and 1U of copper in 1U of rack space Maximum combined capacity of 24 copper ports and 288 fiber using RapidNet MTP VHD

Typical configuration 24 fiber and 24 copper ports

Label fields for identification of all ports

Hybrid Modular Panel for High Density Copper (2) and Fiber Cassette (2), 1U, Steel, Black, 1/ctn

Article Number 859-30055

Type RNGPPIUHD-HHSS

Color Black (BK)

**Product Description** The 1U RapidNet Hybrid Panel provides a simple 'Mix and Match'

approach for both copper and fiber RapidNet. The panel offers capacity for the equivalent of 1U of fiber and 1U of copper in 1U of rack space, giving a saving of 1U of space each time the panel is used. The panels allow for a combination of 12 port high density copper RapidNet and 12 or 24 core fiber (direct terminated or MTP) or high density copper and RapidNet MTP VHD for up to 288 fibers.

There are two configurations available.

Short Description Hybrid Modular Panel for High Density Copper (2) and Fiber Cassette

(2), 1U, Steel, Black, 1/ctn
