

Tango 36

3 Port MiMo dual band WiFi ceiling mounted Antenna

Key Features

- Dual Frequency WiFi 2.4 and 5GHz
- MiMo - 3 antennas covering all 3 planes
- IEEE 802.11ac ready

General Description

The Tango 36 antenna is a 3 antenna MiMo WiFi antenna for both 2.4 and 5GHz bands, housed in a weather resistant, bolt through, dome for ceiling mounting.

The three antennas are set in three planes maximising multi-path signal reception and minimising signal fade due to multi-path interference.

Alternative connectors and cable lengths can be specified for volume orders.

Additional Considerations

- Robust weather resistant design
- Multi-path signal reception/transmission
